Mission: For a Green Future

At Future Green Technology, our vision is to lead the world towards a greener, more sustainable future through innovative solar energy and battery solutions. We believe in the power of renewable energy to transform our planet, reduce our carbon footprint, and foster a healthier environment for future generations. Our commitment to this vision drives every aspect of our operations, from product development to customer service.

Values: Customer-centered; striver-oriented!

We place our customers at the heart of everything we do. Understanding their needs and exceeding their expectations is our top priority. We are dedicated to providing tailored, efficient, and reliable clean energy solutions that not only meet but surpass our customers' requirements.

Our team is our greatest asset. We cultivate a culture of innovation, excellence, and continuous improvement. We empower our employees, whom we consider striver, to take initiative, embrace challenges, and drive our vision forward. Their dedication and hard work are the cornerstones of our success.

Annual output

25 Years

Experience

Located in Guangzhou, China, Future Green Technology is at the forefront of solar power and battery solutions, with two advanced factories dedicated to bringing clean energy to the globe.

Our Offerings:

- › High-Efficiency Solar Panels: Crafted with the latest technology for peak performance.
- › Batteries: Reliable and sustainable power storage and motive solutions.
- › Comprehensive Solar Systems: Tailored solutions for both homes and businesses, ensuring reliable and eco-friendly energy.
- › Customization & Branding: Personalized solar solutions and product branding to meet your unique needs.

Partner with Us:

Join our network of distributors and agents to be part of the clean energy revolution. We offer exceptional support and opportunities for growth in the renewable energy sector.

Our Commitment:

At Future Green Technology, we are more than just a company; we are a movement towards a brighter, greener future. Join us in our journey to power the world with clean, sustainable energy.

M10 Solar Panel

420W-590W

» PRODUCT SPECIALTY

-  182mm N-Type Solar Cell
-  Higher Efficiency
-  Lower Temperature Coefficient
-  Lower LID
-  Mature N-Type Manufacturing
-  Balance of Size & Handling
-  Established Supply Chain
-  Lower Current

» Linear power output is very dull

15 15 Year materials and workmanship warranty | **25** 25 Year linear power output warranty

Valve-Regulated Gel Battery

Storage battery Series(Application)
Solar system / Safety system / Wind power system

Summary

The G-FM series is a floating-charge universal battery with a design life of 5 years.

It complies with IEC standards. Using the latest AGM valve control technology and high purity, the original GFM series is suitable for UPS/EPS, medical devices, Solar system and Wind power system.

The G-FM series maintains high consistency for better performance and more reliable standby life.

Product Features

- > Capacity Range: 50Ah-250Ah;
- > Voltage : 12V ;
- > Long Lifespan (25°C): 5 years;
- > Low Self-discharge Rate : $\leq 3\%$ / month;
- > High Rate Discharge Performance;
- > High Sealing Reaction Efficiency : $\geq 99\%$;
- > Wide Operating Temperature : $-20^{\circ}\text{C} - 60^{\circ}\text{C}$;
- > Structure: Compact design, Shorter internal connection between batteries (hence lower internal resistance);
- > Plate: Paste type;
- > Terminal: Provides more types of terminal to options;
- > Diaphragm: Improved AGM diaphragm for lower internal resistance and higher assembly pressure to improve cycle life
- > Battery Box: High-strength ABS (UL94-HB) or UL94-V0;
- > Terminal Seal: Double seal technology (mechanical + epoxy resin adhesive).

Designation Of Battery Type Numbers

Designations:

a - quantity of cells

b - valve-regulated

c - battery capacity at 20 hour rate

Valve-Regulated Lead-Acid Battery

UPS battery Series (Application)
Emergency light / Safety system / Toy / Medical device

Summary

The FM series is a floating-charge universal battery with a design life of 5 years.

It complies with IEC standards and uses the latest AGM valve control technology and high purity raw materials, and the battery has a reliable standby life.

The FM series is suitable for UPS/EPS, medical devices, emergency lights and security systems

Product Features

- Capacity Range: 2.6Ah-80Ah;
- Voltage : 6V/12V;
- Long Lifespan (25°C): 5 years;
- Low Self-discharge Rate : ≤3%/ month;
- High Rate Discharge Performance;
- High Sealing Reaction Efficiency : ≥99%;
- Wide Operating Temperature : -20°C - 60°C ;
- Structure: Compact design, Shorter internal connection between batteries (hence lower internal resistance);
- Plate: Paste type;
- Terminal: Provides more types of terminal to options;
- Diaphragm: Improved AGM diaphragm for lower internal resistance and higher assembly pressure to improve cycle life
- Battery Box: High-strength ABS (UL94-HB) or UL94-V0;
- Terminal Seal: Double seal technology (mechanical + epoxy resin adhesive).

Application & Production

AGM BATTERY FRONT TERMINAL VRLA BATTERY

Designed floating service life: 12 years @20 °C/68 °F
Voltage covers: 12V
Capacity: from 50Ah to 200Ah

Main Applications

- Communication Equipment
- Fire & Security Systems
- Uninterruptible Power Supply
- Telecommunication Systems
- Control Equipment
- Geophysical Equipment
- Medical Equipment
- Emergency Power Systems

General Features

01 Long Life Time

Especially designed for telecommunication use with 10+ years design life in float service. By combining the newly developed paste formula with up-to-date AGM structures, this range features 12 years design life.

02 Front Access Connection

Front access connection for fast, easy installation and maintenance with standard width for 19' and 23' ETSI racks.

03 Valve Regulating

Perfect venting system, is designed to release excess gas and keep the internal pressure within the optimum range of efficient performance.

04 Excellent Recovery from Deep Cycle

Unique technical processes are used into the grid alloy and electrolyte additive, in this case the battery can be recharged after being over-discharged.

FT SERIES IS A FRONT ACCESS BATTERY SPECIALLY
DESIGNED FOR TELECOM APPLICATION

DZF Series Lead Acid Long Cycle Life, Deep Discharge

FGET DZF Series Battery is specially designed for motive Power applications, i.e., electric bikes/scooters, electric tricycles, electric motorcycles, and other devices that require a DC power source.

Features & benefits

01 Non-Cadmium Design, Environment-friendly:

FGET Battery has adopted internationally leading technology - Non-Cadmium container formation Production Process technology, which is in the leading position in the industry. It helps to save energy 28.5%, save water 90%, and non-discharge of waste water.

03 Strong Motive Power:

Super thin plate design is adopted to increase the area of electrochemical reaction, which enables the battery has excellent large current discharge ability. Adopting cast-welding process to reduce the battery's internal resistance, so the battery's charge/discharge efficiency is improved to enable battery with large power discharge capability.

05 Non-Spillable and High Safety:

The battery container and lid are made of Enhanced ABS material and they are sealed by epoxy resin, so the battery is well sealed without any acid leakage issue. High accuracy safety valve has been applied to prevent battery bulging, and safety valve and acid filter are used for preventing sparks splashed into battery to ensure the safety use of battery.

02 Super Long Mileage:

Special active additives have been added in the positive plate to improve the consistency of the formatted active material after formation. This has been obviously improved the battery's charge/discharge efficiency, and more power can be released during discharging. The mileage of each discharge is improved significantly.

04 Super Long Mileage:

The FGET battery has excellent cycle life which can reach 600 cycles @ 80% DOD. The batteries are well grouped to improve the battery bank's consistency in order to improve the battery bank's service life.

06 High Reliability:

Improved negative material prescription and increased micropole structure at negative helps to improve a lot on charge/discharge performance at extreme temperature condition. Low water loss rate, high temperature resistance, and battery deformation resistance.

Lead Acid Replacement LiFePO₄ Battery

LiFePO₄ batteries in Lead-Acid Batteries case are often designed to replace traditional lead-acid batteries in many applications.

Features & benefits

01 High Energy Density:

Stores 4x more energy per unit volume than lead-acid batteries.
Supports deep discharge (up to 90% DoD) without capacity loss.

03 High Power Output:

Delivers 4x higher continuous power than SLA batteries.
Maintains stable voltage under heavy loads (e.g., EVs, solar storage).

05 Lightweight Design:

70% lighter than equivalent lead-acid batteries.
Compact size enables flexible installation (e.g., RVs, marine).

02 Eco-Friendly:

Made from non-toxic, abundant iron phosphate (no heavy metals).
30% lower carbon footprint in production; 95% recyclable.

04 Long Service Life:

2,500+ full charge/discharge cycles (≥10 years at 80% capacity retention).
Minimal self-discharge (<3% per month).

06 Seamless Drop-in Replacement:

LiFePO₄ batteries in Lead-Acid Batteries case are often designed to replace traditional lead-acid batteries in many applications. This means they can perfectly fit into existing systems without requiring modifications to the circuit, simplifying installation and eliminating the need for additional accessories.

Designation Of Battery Type Numbers

Model	FGLFP-12100	FGLFP-12150	FGLFP-12200	FGLFP-24150
Configuration	1P4S	1P4S	2P4S	1P8S
Working Voltage(V)	11V~14.6V	11V~14.6V	11V~14.6V	22V~29.2V
Nominal Capacity (Ah)	100Ah	150Ah	200Ah	150Ah
Ratedenergy(Wh)	1280WH	1920WH	2560WH	3840WH
Charge/discharge Current(A)	50A @25±2℃	50A @25±2℃	50A @25±2℃	50A @25±2℃
Maximum discharge current	100A @25±2℃	100A @25±2℃	150A @25±2℃	150A @25±2℃
Display	LED Capacity Indicator			
Working Temperature	0~40℃(Charge)-10~40℃(Discharge)			
Storage temperature and humidity	-10℃~35℃ (Within one month of storage) 25±2℃ (Within three months of storage) 65%±20%RH			
Number of parallel machines	10	10	10	10

Weight	10KG	13KG	19KG	37.5KG
Cycle life	5000 cycles @25℃ 50A charge and discharge current 75% DOD			
Altitude Limited(m)	0-3000m			
Humidity(%)	5~80%			
Outer packaging size(mm)	280*185*230mm	340*185*230mm	510*195*260mm	540*260*250mm

48V LiFePO₄ battery

48V/51.2V LiFePO₄ battery, high energy density, stylish appearance, easy to install and expand, widely used in telecom base stations, commercial energy storage, UPS, Residential energy storage systems.

Features & benefits

Light weight, Small size

Support a variety of communication protocols, support RS485, RS232, CAN etc

Long cycle life, using high-quality LiFePO₄ Cells, the cycle life is as high as 6000 times

Compatible with a variety of inverters

Intelligent battery management system

In the extreme performance safety test, the battery will not catch fire, explode, leak, and be safer to use.

Basic Parameter	HL-PW48100A	HL-PW48200A	HL-PW48300A
Nominal Voltage (V)	48/51.2	48/51.2	48/51.2
Nominal Capacity (Ah)	100	200	300
Energy (Wh)	4800/5120	9600/10240	14400/15360
Dimension (mm)	560x490x155	700x460x170	840x330x755
Weight (Kg)	49.6	74	138
Discharge Cut-off Voltage	40.5(15S)/43.2(16S)	40.5(15S)/43.2(16S)	37.5(15S)/40(16S)
Charge Cut-off Voltage	54.7(15S)/58.4(16S)	54.7(15S)/58.4(16S)	54.75(15S)/58.4(16S)
Communication Port	RS485,RS232 CAN		
Cell serial number	15 PCS /16 PCS		
Working Temperature/°C	-10~60°C	-10~60°C	-10~60°C
Design life	10+Years (25° C/77° F)		
Cycle Life	>6000, 25° C/77° F, 80%DOD		
Certification	CE/UN38.3		
Maximum number of parallel connections	16	16	16
Maximum continuous charge current	100A	100A	100A
Maximum continuous discharge current	100A	100A	200A

Energy Storage System

ESS utilizes high-voltage stackable all in one energy storage system, featuring modular high-voltage battery, integrated photovoltaic inverter modules, a complete set of energy storage solutions, no installation required, suitable for residential or commercial energy storage.

Features & benefits

Safe and reliable, IP54/IP20 protection level, Integrated fire protection and Air-conditioner

Support RS485/WiFi communication protocol

Integrated BMS/PCS/EMS

Modular design, easy to install and disassemble, free to add, strong availability

LED panel display the parameters of the equipment in real time

Model No.	FGET-LC30W	FGET-LC40W	FGET-LC50W	FGET-LC60W	FGET-LC90W
Solar Panel Type	Mono Crystalline				
Power of PV Module	60W	70W	80W	90W	125W
PIR Sensor	Yes (PIR/Microwave type, selectable)				
Visual Angle	150°×70°(Optional)				
Light Output	48W	72W	96W	120W	192W
LiFePO4 Battery	250Wh	291Wh	320Wh	384Wh	520Wh
Dimension	900*385*73mm	1060*385*73mm	1210*385*73mm	1390*385*73mm	1805*385*73mm
Main material	Die Casting Aluminum alloy				
LED Clip	MD5050 (Philips, Bridgelux, Cree, Osram, Nichia available and optional)				
Color Temperature	3000-6500K(Optional)				
Charge Controller	MPPT Charging				
Battery Backup Time	2~3 days				
Operating temperature	-20 °C to +75 °C				
Fitting Color	RAL 9006(Optional)				
Ingress Protection	IP66				
Operational life	25 years				
Mounting Bracket	Azimuth: 360° rotation; Inclination angle: 0-90° adjustable				
Application	Residential Areas, Roads, Parking Lots, Suares, Parks, Municipal, Agriculture Lightings & Aquaculture Lightings				
Certificate	Certi cate CE, RoHS, CB, IEC60598, IK10, LM79				

Products Advantages

- > **Solar-Powered, Cost-Free Illumination:**
Embrace sustainable energy with solar power – no more electricity bills!
- > **Smart Operation:**
Automatically turns on at dusk and off at dawn.
- > **Enhanced Brightness:**
Optical lens technology boosts light efficiency by 20%.
- > **Personalized Definition:**
Choose from a range of decorative panel colors to complement your surroundings.
- > **Brilliant Illumination:**
High-lumen LEDs deliver powerful, clear light.

FGET-6KW-12KW Solar System-Off-grid

Single Inverter

Parameters

Item	Specifications	Quantity
Inverter	FGET-48V 6KW/12KW Hybrid inverter	1 PCE
	Built-in MPPT 48V 120A*2; PV500V	1 PCE
Solar Panel	FGET-580W Mono solar panels	6-24 PCS
Battery	FGET-48V 100AH-300AH Lithium Battery	1 or more PCS
AC Distribution Box	FGET-N4,Waterpro of IP65	1 PCE
Accessory	Cables and Accessory	1 SET
Bracket	Can be customized according to the roof	Optional

FGET-20KW Solar System-Off-grid

Parallel Solution

Parameters

Item	Specifications	Quantity
Inverter	FGET-48V 12KW Hybrid inverter	2 PCS
	Built-in MPPT 48V 120A*2; PV500V	2 PCS
Solar Panel	FGET-580W Mono solar panels	32-48 PCS
Battery	FGET-48V 300AH Lithium Battery	2 or more PCS
AC Distribution Box	FGET-N4,Waterpro of IP65	1 PCE
Accessory	Cables and Accessory	1 SET
Bracket	Can be customized according to the roof	Optional

FGET-20KW Solar System -Hybrid

High Voltage Solution

Parameters

Item	Specifications	Quantity
Inverter	Brand Hybrid Inverter SUN-20K-SG01 3 Phase	1 PCE
	Built-in MPPT 26A*2; PV150-850V	1 PCE
Solar Panel	FGET-580W Mono solar panels	24-64 PCS
Battery	FGET-512V 100AH Lithium Battery	1 PCE
AC Distribution Box	FGET-N4,Waterpro of IP65	1 PCE
Accessory	Cables and Accessory	1 SET
Bracket	Can be customized according to the roof	Optional

FGET-100KW Solar System-Hybrid

Energy Storage System

Parameters

Item	Specifications	Quantity
Energy Storage System	FGET-285KWH-100KW3M-HP1	1 PCES
	Battery rated energy	286KWh
	PCS rated power	100KW
Solar Panel	FGET-580W Mono solar panels	180 PCS
Combiner Box	FGET-6 in 1,Waterpro of IP65	2 PCS
AC Distribution Box	FGET-N4,Waterpro of IP65	1 PCE
Accessory	Cables and Accessory	1 SET
Bracket	Can be customized according to the roof	Optional

Solar Balcony System

Insufficient space can also use solar energy:

- 01 High efficiency
- 02 Energy saving
- 03 Environmental protection
- 04 Easy to install

Parameters

Item	Specifications	Quantity
Inverter	800W Micro Inverter	1 PCE
Solar Panel	6*120W Flexible Solar Panel / 2*400W Rigid Solar Panel	1 SET
Extension Cable	2m Extension Cable	1 PCE
Combine Cable	2 in 1 MC4 Cable	2 PCS
Bracket	Reverse buckle magic cable ties	50 PCS
